Zoning Certificate Application Requirements

Construction drawings are necessary to obtain a zoning certificate for most structures. Only complete applications that include construction drawings and other required documents, as described below, will be accepted for review.

Once plans are submitted, any revisions to the project that alters the original description must be approved.

The checklist is provided to insure you have all materials necessary to submit for your project. This checklist will be used to review your application submittal for acceptance. Plans will not be accepted if the checklist is not followed.

An unlicensed person may prepare plans for one and two story wood-framed single family dwellings, accessory structures and decks in conformance with conventional construction provisions; however, the Zoning Officer may require some structural plans and specifications by a licensed engineer or architect. An architect or engineer, registered in the State of Pennsylvania, must prepare calculations, plans and specifications for any other project.

GENERAL REQUIREMENTS FOR SUBMITTAL

- Completed Zoning Certificate Application.
- Signed and sealed survey or survey waiver (if required)
- Site Plan showing the dimensions and setbacks of existing and proposed structures; see sample site plan enclosed.
- Contractors Certificate of Workers Compensation, listing the Township as the certificate holder, or waiver.
- Proof of property ownership. (*Deed*)
- Home owners letter of approval.
- 1 drawing or sales brochure of proposed structure.

FOR QUESTIONS AND/OR TO SCHEDULE AND APPOINTMENT WITH THE ZONING OFFICER CONTACT KEVIN MADAR AT (412)-997-6600.

copy of survey/site plan.

Copy of completed survey must be submitted with permit application.

Include all dimensions where lines are shown.

Example: 25'6"

NOTTINGHAM TOWNSHIP

RESIDENTIAL INSPECTION REQUIREMENTS

909 SUGAR RUN ROAD • EIGHTY FOUR, PA • 15330 • 724-348-5622 • Fax 724-348-8822

TYPE INSPECTION	WHEN TO SCHEDULE	REQUIRED FOR
FOOTING / PIER	After footing is dug, chairs and rods are in place and concrete is scheduled. Frost depth is 36" to bottom of footing. The inspector is to be scheduled for arrival time of concrete. Call for pre-inspection if questionable soil is involved.	All structures, including decks. Accessory structures over 1000 sq. ft.
FOUNDATION / FRENCH DRAIN	Prior to back filling: Waterproofing shall be installed and foundation drain tile shall be complete with minimum 12" of stone cover and filter membrane installed. Straw IS NOT a filter membrane.	All residential structures with habitable space below grade.
UNDERGROUND PLUMBING	Prior to back filling all interior underground DWV piping shall be installed per the plumbing plans and tested with water to a head pressure of 10 lbs. or 5-psi air. Pipe standard shall be visible.	Any structure with underground plumbing attached to a municipal sewage disposal system
ELECTRICAL ROUGH	Prior to enclosing or insulating any electrical wiring, grounding or bonding systems and outlets, all electrical work shall be inspected by a township approved agency.	MCS Pete-724-470-8254 Harold 724-263-0337
PLUMBING ROUGH	Prior to closing or insulating any plumbing systems. DWV shall tested by air to 5 psi for 15 minutes or water to a point above the highest fitting. Distribution piping shall be tested to the working pressure or for piping systems other than plastic, an air test of not less than 50 psi for 15 minutes.	All Residential Plumbing.
MECHANICAL ROUGH	Prior to enclosing any mechanical systems. System installation instructions shall be on hand for the inspection.	Any mechanical installation.
FRAMING	Framing inspections are normally done at the time of other rough-in inspections. All fire blocking and energy sealing must be complete and structure should be ready for insulation. Separate system inspections can be arranged if required.	All residential structures over 1000 sq. ft.
ENERGY / INSULATION (Basic requirements)	Insulation in place per 1 of the following Performance Method – REScheck, PA. ALT OTHER Prescriptive Method <i>Ceiling</i> R-38 (with attic) R-30 (no attic) <i>Walls</i> R-19 or R-13 (cavity) R-5 (continuous) <i>Floors</i> Fill cavity (Min R-19, R-30 pref.) <i>Basement</i> R-10 (continuous) R-13 (cavity) <i>Slab edge</i> R-10 (for 2' around perimeter) <i>Crawl Space</i> R-10 (continuous) R-13 (cavity)	All residential structures intended for habitation.

ALL INSPECTION REQUESTS REQUIRE 24 HOUR NOTICE

Inspections will be done between 9:00 and 3:30 Monday through Friday except on holidays.

WALL BOARD	Prior to painting or finishing and after attic insulation is in place, if blown in insulation is being used.	All residential structures intended for habitation.
FIRE DETECTION	At any time after completion of detection system. Normally during final inspection.	All structures with a fire detection system
FIRE SUPPRESSION	At any time after completion of the suppression system or zone. Normally during final inspection.	Any fire suppression system
ELECTRICAL FINAL	Prior to scheduling a final inspection with the Township	MCS Pete-724-470-8254 Harold 724-263-033
FINAL OCCUPANCY	When structure is complete and ready to be moved into or utilized including but not limited to interior and exterior finish, egress, site compliance and electrical, plumbing, fire protection, mechanical and energy conservation work is complete.	All structures requiring a permit. ALLOW 24 HOURS TO PROCESS CERTIFICATE OF OCCUPANCY!

**INSPECTION REQUIREMENTS FOR POOLS, AND ACCESSORY USE STRUCTURES
WITH ELECTRICAL SERVICE**

ELECTRICAL ROUGH	Prior to covering any electrical work, grounding or bonding.	Grounding and bonding for all pools including pools and pool decks with steel reinforcing. All sheds and structures with electrical equipment.
ELECTRICAL FINAL	Prior to scheduling a final inspection with the Township	MCS Pete-724-470-8254 Harold 724-263-033
FINAL OCCUPANCY	When any structure is complete and final electrical work is approved	All structures requiring a permit.

**ZONING PERMIT FOR ACCESSORY USE STRUCTURES UNDER 1000 SQ. FT.
WITH NO ELECTRICAL SERVICE**

FINAL OCCUPANCY	When any structure is complete	All structures requiring a zoning permit.
